

LOW - VOLTAGE HEADS

Tilt Head T20

DESCRIPTION

The Tilt display head by Tech Lighting combines design simplicity with practical technology. This simple display head puts light where you need it by allowing for a full 360° head rotation and 90° pivot to direct light beam to the desired location. The Tilt head is available in two on-trend finishes, antique bronze and satin nickel, and can be customized to hang at four distinct stem lengths. Further customize the Tilt by combining it with the complementary Monorail or Monopoint systems by Tech Lighting. This low-voltage display head is ideal for commercial lighting applications such as retail stores, libraries and galleries. Ships with an integrated lens holder to accommodate several complementary accessories available by Tech Lighting. (sold separately). Low-voltage, MR16 lamp of up to 50 watts (not included).

INSTALLATION

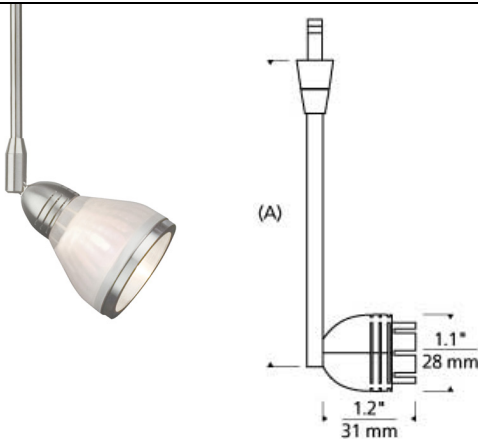

Socket terminates with FreeJack male connector, which may be installed into a system connector. Elements ordered with a system prefix include a connector for that system.
