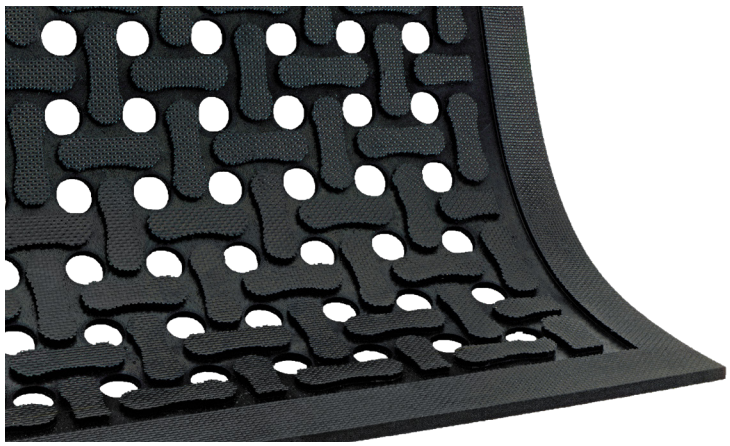
Comfort Flow™ Mats

Anti-Fatigue Mats • Wet Area • Indoor

Comfort Flow is a flow-through mat with excellent anti-fatigue properties designed for wet areas where grease, oil, and chemicals may be present.

- **Clean** – Drainage holes allow liquid to flow through; lifetime anti-microbial treatment prevents odors and degradation of the mat
- **Safe** – Beveled edges provide a safe transition from floor to mat; certified high-traction by the National Floor Safety Institute (NFSI)
- **Comfortable** – High-density closed-cell nitrile rubber cushion provides excellent anti-fatigue qualities
- **Versatile** – Grease and oil proof; chemical resistant; welding safe
- **Easy to Clean** – Lightweight flexible design ensures easy handling and cleaning
- Commercially launderable
- Comfort Flow mats meet FDA and USDA standards for non-contact surfaces and are manufactured to meet the standards for food processing and food preparation areas



Flexible Design

Unlike traditional kitchen mats which are typically heavy and difficult to move for cleaning, Comfort Flow mats have a flexible design that makes them easy to roll and handle. They can be cleaned in a variety of ways: scrubbed with a deck brush or cleaned with a pressure washer, rolled and washed in a commercial dishwasher*, and they can withstand commercial laundering and sterilization in an autoclave.

*Please consult your local health code for restrictions or limitations before washing your mats in the dishwasher.

Comfort Flow™ Mats

Anti-Fatigue Mats • Wet Area • Indoor

Product No. 420		
Size (ft.)	Size (in.)	Product Weight*
2' x 3'	23" x 34"	5.5 lbs
3' x 5'	34" x 56"	12.7 lbs.
3' x 9'	34" x 109"	23.2 lbs.
4' x 6'	42" x 68"	18.2 lbs.

Note: Mat sizes are approximate as rubber shrinks and expands in conjunction with temperature and time. Tolerable manufacturing size variance is 3-5%.
