

TF1 Delta Filter Thermal Cover 62231

- Dimensions: 645mm (25.4") x 220mm (8.7")
- Weight: 0.4kg (0.9lbs)
- Protects against hot surfaces
- Assists in the prevention of heat loss

The TF1 Delta Filter Thermal Cover further enhances the efficiency of a commercial central heating system already protected by a TF1 Delta Filter. Expanded Polypropylene (EPP) used as Thermal Covers insulate and fully encapsulate the filter to keep system heat loss to a minimum.

Application

The customised EPP thermal covers supplied by Fernox are designed to last the life of the TF1 Delta Filter. They will insulate and protect the system filter year-after-year without losing their integrity or performance.

Designed to insulate the TF1 Delta Filter to retain heat levels, reduce energy consumption and energy costs

Package, Handling & Safety

Individually packaged. No special storage requirements.

Specification

High quality, flame retardant protective cover
Improves energy efficiency
Promotes safer handling

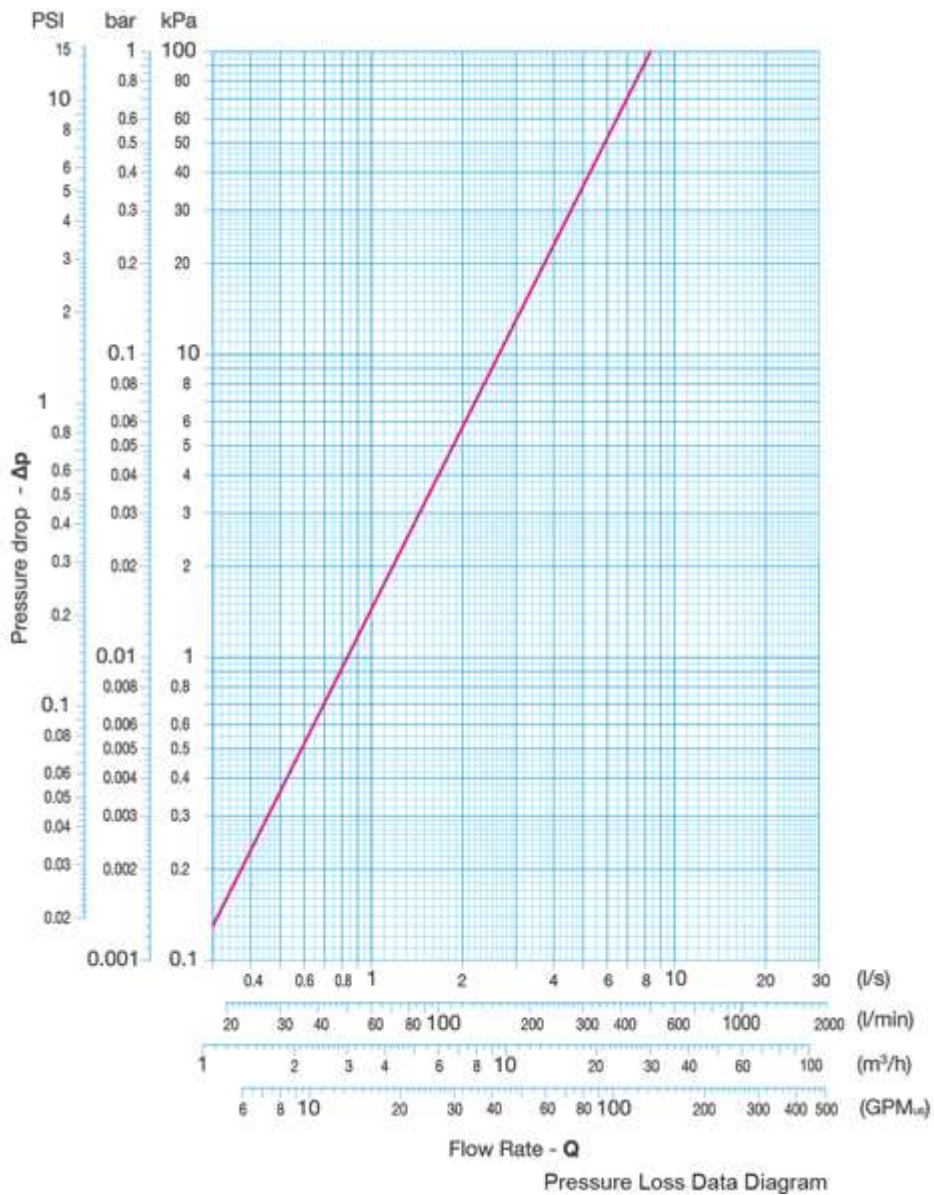

Single Item

Height mm	310
Width mm	390
Depth mm	450
Weight kg	0.390
Barcode EAN	5014551622319

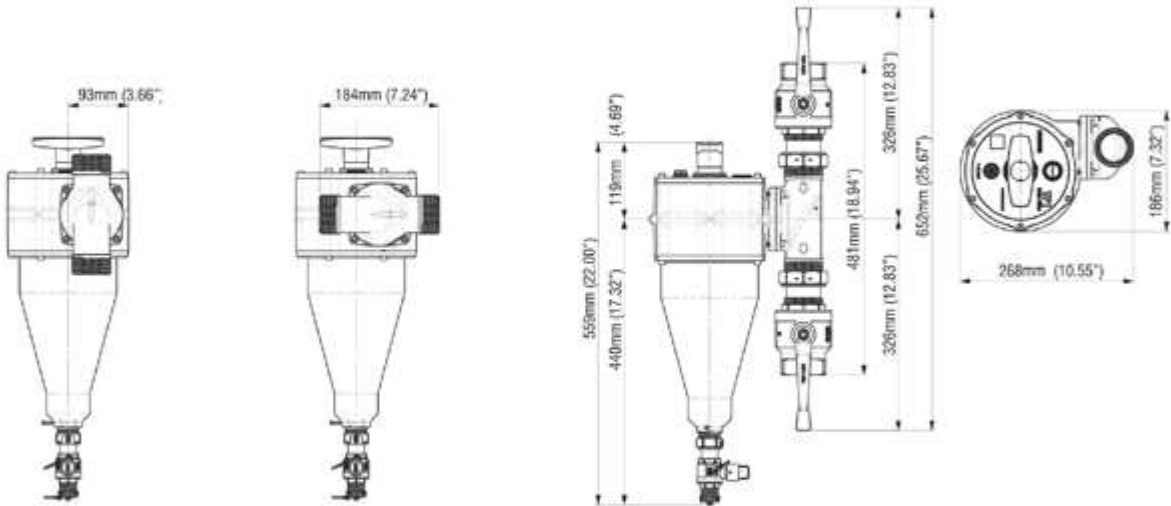

Outer Carton

Outer Height mm	270
Outer Width mm	314
Outer Depth mm	515
Outer Weight kg	4.900
Transit Type	CP1 1200 x 1000
Total units per transit layer	4
Layers per transit type	3
Total units per transit type	12
