

# Dip-it Plus

Presoak detergent for kitchenware

## Performance

- ▲ Removes stubborn stains and obstinate dirt
- ▲ Excellent removal of stains, soils and scale on porcelain, plastic, metal dish ware, coffee and tea cans
- ▲ Can be used for basic and maintenance cleaning of coffee machines

## Efficiency

- ▲ Thorough but gentle initial cleaning
- ▲ When used regularly, Dip-it Plus prevents unwanted taste impairments and removes deposits of coffee oils, fats and tannins in everything that comes into contact with coffee

## Safety

- ▲ Contains special ingredients to protect metal surfaces

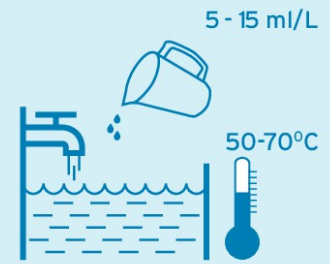

## Use instructions

1. Check hygiene plan, product label and MSDS for detailed use information.

2. Wear suitable protective clothing when handling the product.

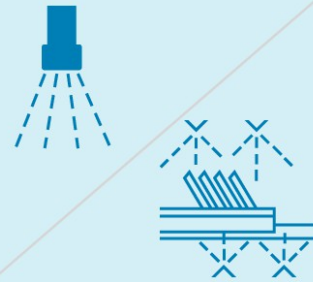

3. When pre-soaking dishware, crockery, cutlery and plastic fill a sink with hot water (50 - 70 °C) and add **Dip-it Plus** (5 - 15 ml/L).

5 - 15 min

4. Place the soiled dishware in the solution and let it soak for 5 - 15 minutes to completely dissolve.

5. Afterwards thoroughly rinse the dishes with clean water and let it air-dry or wash in the dishwashing machine.

## Special notes

- ▲ For coffee and tea cans, fill a spoon of product into the cans, then fill with hot water (50 - 70 °C) and leave to soak for 5 - 15 minutes. Rinse afterwards with plenty of clean water.
- ▲ Test material compatibility in a small inconspicuous area prior to application. Do not use on aluminium or silver.
- ▲ For professional use only.

## Safety information

- ▲ Keep out of reach of children.
- ▲ Do not mix with any other product but water.
- ▲ For further information and safety instructions, please see the product label and Safety Data Sheet.

## Storage conditions

- ▲ Store between 0°C and 40°C in the original closed container only.
