

SMARTPOWER™ Rinse N

Highly concentrated Rinse Additive

Performance

- ▲ Experience the best in class cleaning results with the professional SMARTPOWER™ Program
- ▲ Active defoaming agents
- ▲ Consistent sparkling and shiny results in soft water conditions

Efficiency

- ▲ For use in soft to medium hard water conditions, compatible with usual warewashing materials (china, glass, stainless steel, etc.)
- ▲ Innovative dosing equipment prevents product overuse and therefore allows total cost control
- ▲ Faster drying process, thus making your operation more efficient and reduce the need for hand drying
- ▲ The long-lasting, concentrated blocks minimise storage space and optimise cost in use

Safety

- ▲ Lightweight blocks are safe and easy to store, carry and load/refill
- ▲ Part of our shape- and color-coded SMARTPOWER™ range

Sustainability

- ▲ Up to 99 % less packaging compared to standard dishwashing systems
- ▲ Up to 70% reduction of CO2 emissions associated with transportation

Use instructions

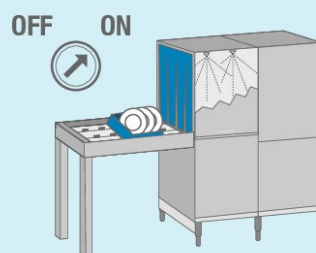

1. Check hygiene plan, SDS and product label for detailed use information.

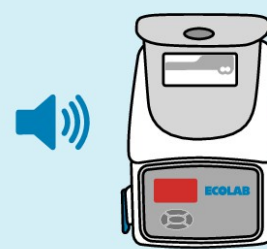

recommended

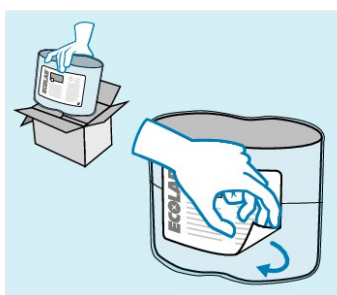

2. Wear suitable protective clothing when handling the undiluted product.

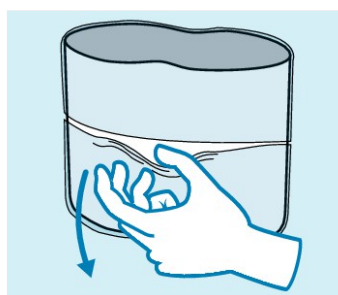

3. Wash crockery and utensils in the dishwasher according to the standard procedure.

4. Refill the product compartment when controller screen indicates (screen will turn red and an acoustic alarm will sound). Alarm is turned off either via button below screen or by opening the compartment lid.

5. Take new product out of carton. Remove the product label from the block and dispose.

6. Remove lower part of plastic foil from block.

7. Refill the product into the open compartment of the dispenser. Remove upper plastic foil. The screen will automatically turn to blue. Close lid.

8. Dispose of plastic foil via standard waste.

Special notes

- ▲ Only for use with Ecolab Dosing Unit. Your Ecolab specialist will adjust the dosing system to your specific cleaning needs.
- ▲ To achieve best hygienic results, use with SMARTPOWER™ detergents and SMARTPOWER™ presoak products.
- ▲ For professional use only.

Environmental advice

- ▲ Attempt to wash full racks and machines whenever possible.
- ▲ To avoid under- or over-dosing an Ecolab representative will setup the machine at the appropriate concentration.
- ▲ Information on disposal of empty packaging: recycle as soft plastic package.

Safety information

- ▲ Do not mix with any other product.
- ▲ For further information and safety instructions, please see the product label and Safety Data Sheet.

Storage conditions

- ▲ Store between 0 °C and 40 °C in the original closed container only.
