Spectra Luxury Rigid Core Click Vinyl Flooring Soft Chalk Oak Plank

Invest in our high-quality Spectra Luxury Rigid Core Click Vinyl Flooring Soft Chalk Oak Plank. Also known as Stone Plastic Composite or SPC for short, this rigid core vinyl is hardwearing and durable thanks to the inbuilt limestone core, and is suitable for moderate amounts of traffic in your home. The click fitting also means this flooring is easy to install, even for novice DIYers. Get the look and feel of real wood in a soft washed chalk, an easy addition to a wide range of interiors.

Being a 100% waterproof flooring and suitable for underfloor heating systems up to 27°C means it can be installed in any room in the home – including conservatories, kitchens, and bathrooms. The long and wide planks (1220mm x 183mm) will also add a sense of space in smaller rooms.

Product Details

Code:	VIN-CLIC-PL-521
Brand:	Spectra
Construction:	Rigid Core (SPC)
Surface:	Embossed
Profile:	Click System
Edge profile:	Micro Bevel
Thickness:	4mm
Width:	183mm
