

GO FARTHER, FASTER, WITH FAST EDGE®!

- No glue, no staples – just mud and done!
- These beads have the fastest installation time in the drywall finishing game, while using the least amount of mud
- Mud Lock® Technology (featured on Fast Edge Rolls and outside corner beads) provides an unbeatable bond, with three times the attachment strength over other beads
- Choose your favorite for any job: **Fast Edge Paper**, comprised of laminated paper over a sharp-nosed vinyl core, in two sizes; **Fast Edge Roll**, a flexible rolled solution ideal for off-angles, sold in four widths; **Fast Edge Paper Inside Corner** for long-lasting 90° inside corners; and **Fast Edge Tape** for a faster finish anywhere drywall meets mixed materials like window encasements
