1078WP	7/8"	10'	75

Description: Dependable trim where stucco stops. Standard Flange Casing Beads provide clean, professional edges where exterior walls butt up against other details, like foundations, windows, doors and more. Made from durable, rust-proof PVC, it won't dent or corrode, even in salty, humid climates. Available in weeped or unweeped options to suit your project needs.

Advantages: Made from exterior grade PVC. Provides a high impact resistant, rust-proof termination corner.

Applicable Standards: Rigid exterior grade PVC products made by Trim-Tex meet ASTM specifications C926, C1063, C1780, C1861, D1784 and D4216.

Installation: Trim-Tex recommends following established acceptable industry standard installation methods. All butt joints, intersections, and ends should be caulked at the time of installation using elastomeric sealant. When painting Trim-Tex Exterior products, please refer to our painting resources to ensure proper performance and prevent product defects such as warping, oil canning, and buckling.
