

## Inside/Outside Corner Expansion Joint Submittal Sheet

STOCK NO.	A SIZE	LENGTH	PCS. PER BOX
511-50	1/2"	10'	15
511-58	5/8"	10'	15
511-75	3/4"	10'	15

**Description:** Slip into a smoother finish! The Inside/Outside Corner Expansion Joint absorbs stress from structural movement on an inside or outside corner, preventing cracks and ensuring a flawless finish for the long haul. This bead is your go-to solution for projects that demand a clean, finished look while allowing for movement between two 90-degree walls.

**Advantages:** Made from exterior grade PVC. Provides a high impact resistant, rust-proof termination corner.

**Applicable Standards:** Rigid exterior grade PVC products made by Trim-Tex meet ASTM specifications C926, C1063, C1780, C1861, D1784 and D4216.

**Installation:** Trim-Tex recommends following established acceptable industry standard installation methods. All butt joints, intersections, and ends should be caulked at the time of installation using elastomeric sealant. When painting Trim-Tex Exterior products, please refer to our painting resources to ensure proper performance and prevent product defects such as warping, oil canning, and buckling.
