

Z Trim Submittal Sheet

STOCK NO.	A SIZE	LENGTH	PCS. PER BOX
PCZ58DB	5/8"	10'	50
PCZ58GRAY	5/8"	10'	50

Description: Z Trim creates a clean break between siding panels and helps control moisture. Made for use with T1-11 sheathing, it serves as a built-in drip edge to direct water away from the wall and protect the material underneath. A simple, effective solution for better moisture management. Available in dark brown and gray.

Advantages: Made from exterior grade PVC. Provides a high impact resistant, rust-proof termination corner.

Applicable Standards: Rigid exterior grade PVC products made by Trim-Tex meet ASTM specifications C926, C1063, C1780, C1861, D1784 and D4216.

Installation: Trim-Tex recommends following established acceptable industry standard installation methods. All butt joints, intersections, and ends should be caulked at the time of installation using elastomeric sealant. When painting Trim-Tex Exterior products, please refer to our painting resources to ensure proper performance and prevent product defects such as warping, oil canning, and buckling.
