

U-Drip Trac[™] Submittal Sheet

STOCK NO.	LENGTH	PCS. PER BOX
UDT-1	10'	40

Description: U DRIP TRAC[™] is designed for EIFS and other foam wall systems, helping water drain out with built-in weep holes. A wide shelf provides better keying for the base coat, while the large, unpunched back flange gives you solid, flexible attachment. UV-rated and easy to handle for a cleaner, faster finish.

Advantages: Made from exterior grade PVC. Provides a high impact resistant, rust-proof termination corner.

Applicable Standards: Rigid exterior grade PVC products made by Trim-Tex meet ASTM specifications C926, C1063, C1780, C1861, D1784 and D4216.

Installation: Trim-Tex recommends following established acceptable industry standard installation methods. All butt joints, intersections, and ends should be caulked at the time of installation using elastomeric sealant. When painting Trim-Tex Exterior products, please refer to our painting resources to ensure proper performance and prevent product defects such as warping, oil canning, and buckling.
