

EIFS Exterior Aesthetic Channel Reveal Submittal Sheet

STOCK NO.	A SIZE	LENGTH	PCS. PER BOX
2225	1/2"	10'	30
2229	5/8"	10'	35
2227	3/4"	10'	35
2226	1"	10'	35
2235	1 1/2"	10'	30
2236	2"	10'	30

Description: The EIFS Exterior Aesthetic Channel Reveal is designed to create clean, decorative lines in EIFS systems. It installs easily into routed foam, while wide flanges help lock the base coat firmly to the EPS. Pre-set 1/8" stops help ensure proper base and finish thickness for a smooth, consistent reveal effect every time.

Advantages: Made from exterior grade PVC. Provides a high impact resistant, rust-proof termination corner.

Applicable Standards: Rigid exterior grade PVC products made by Trim-Tex meet ASTM specifications C926, C1063, C1780, C1861, D1784 and D4216.

Installation: Trim-Tex recommends following established acceptable industry standard installation methods. All butt joints, intersections, and ends should be caulked at the time of installation using elastomeric sealant. When painting Trim-Tex Exterior products, please refer to our painting resources to ensure proper performance and prevent product defects such as warping, oil canning, and buckling.
