

Exterior Weep Screed Submittal Sheet

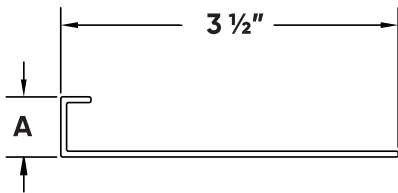

STOCK NO.	SIZE	LENGTH	PCS. PER BOX
EX58WS	5/8"	10'	40
EX78WS	7/8"	10'	40

Description: Trim-Tex Exterior PVC weep screed is essential for effective moisture management in exterior wall systems.

Advantages: Designed to create a drainage plane at the base of walls, these lightweight, durable, and corrosion-resistant components direct moisture away from the structure. Unlike metal screeds, Trim-Tex Exterior PVC versions do not rust, ensuring long-term effectiveness and protection against moisture buildup.

Applicable Standards: Rigid exterior grade PVC products made by Trim-Tex meet ASTM specifications C1063, C1780, C1861, D1784 and D4216.

Installation: Trim-Tex recommends following established acceptable industry standard installation methods. All butt joints, intersections and ends shall be caulked at the time of installation.
