Anti-Slip

Mighty Line Floor Tape is 30 MIL thick and made of anti-slip material with a peel-and-stick, adhesive backing. Mighty Line tape does not leave any residue during removal. To apply the tape, peel the liner off and stick it to a clean, dry surface. There is no wait time – industrial wheel traffic can continue immediately. Mighty Line tape has beveled edges, making for a smoother transition. Our tape is meant to replace the use of paint and thinner tapes within the warehouse. This floor tape product is patented.
