

Mighty Line Footprints

Peel-and-stick adhesive

Easy to Clean

Thicker than average floor tapes

Faster to install than paint

Mighty Line Floor Tape is 50 MIL thick and made of PVC material with a peel-and-stick, adhesive backing. Mighty Line tape does not leave any residue during removal. To apply the tape, peel the liner off and stick it to a clean, dry surface. The tape is warranted to stay down for 3 years. There is no wait time – industrial wheel traffic can continue immediately. Mighty Line tape has beveled edges, making for a smoother transition. With our tape being as thick as two credit cards, it is meant to replace the use of paint and thinner tapes within the warehouse. This floor tape product is patented.
