

# Mighty Line Location Markers (Cut-Out)

Peel-and-stick adhesive

Easy to Clean

Thicker than average floor tapes

Faster to install than paint

Mighty Line location markers are 30 MIL thick and made of vinyl material with a peel-and-stick, adhesive backing. Mighty Line tape does not leave any residue during removal. To apply the tape, peel the liner off and stick it to a clean, dry surface. There is no wait time – industrial wheel traffic can continue immediately. With our tape being thick, it is meant to replace the use of paint and thinner tapes within the warehouse. This floor tape product is patented.
