Copper is the only natural element that plays a vital role in collagen formation, a connective tissue in the skin.

Only copper socks rejuvenate the skin and improve texture and appearance.

Hand-linked flat toe seams provide extra comfort and helps protect those with diabetes.

Advanced Moisture-Guard™ wicking system, keeps the foot healthy, cool and dry.
NON BINDING

non-binding yarn with spandex hugs leg without restriction | hand linked smooth toe seam for extra protection | extra cushioning option for superior comfort & shock absorption | doctor recommended for diabetes
